GIANTS ANNOUNCE THEY HAVE SIGNED HALE they have played and they hope that a large crowd will turn out to witness the

New York, Feb. 27.—The Giants announced today that they had signed Edward Hale, star halftsack last season of the Mississippi college eleven, and a right handed oftcher of unusual merit.

Hale has been ordered to report at San Antonio for a tryout next week.

The Brooklyn club has received signed contracts of First Baseman Ray Schmandt and the veteran outfielding star Zack Wheat. Wheat's contract was enclosed in a letter in which he said that his wife was ill and that he would be delayed in reporting for spring training at Jackson-ville.

Seatherweight belt, and the Belgian Arthur Wyns, which has been postponed from this month because the former fell a victim to the influenza cylidemic, Wyns has already beaten one English weather-weight champion, Mike Honeyman.

Boy McCornick, who lost last November to Ted "Khi" Lewis, the middle-weight holder well-known in America, will meet Jack Bloomfield two weeks later to decide future possession of the light heavyweight belt, now held by McCornick.

Lewis is also recovering from an attack of the "fin" an dis expected to be in perfect condition for his match with Carthentier which according to present arrange-

RECORD DRIVE MADE

BY BRITISH GOLFEB ondon, Feb. 26.-A drive of 415 yards is credited to Frank Dennis 20-year old professional of the Crewe Golf club. The distance is vouched for by two members,

Aven.—Mrs. Dougias Robinson, mother of Mrs. Joseph dek. Alsop of Avon, is among the patronesses for the annual benefit dance for the Strangers' Welfare Fellowship held at the Blitmore hotel, New York, Monday night. New Haven,-Aldore Rivers, 18 years

old, a truck driver, is under arrest be-cause he sold 2,860 pounds of coal for three tons. Short weight in coal sales has been common in New Haven, and the authorities are trying to run it down. Every home in town should have received a trial package of Vicks during a house-tohouse distribution finished today.

Did You Get Yours?

IF NOT, MAIL THE ABOVE, AS A COUPON

THE manufacturers of Vicks VapoRub want every family in our land to test Vicks Vapors without cost. Arrangements were made to deliver a blue envelope containing a 1/4-oz. trial tin of Vicks, to every home in this city. The distribution was completed today. But a 100% delivery is not possible. Many folks are away from home when the sample is left. School children are apt to pick up the attractive blue envelope and destroy it.

If you did not get yours, mail the above coupon for it. Vicks is certainly worth a trial. It is the modern direct treatment for croup, children's colds, head and chest colds, bronchitis, asthma, catarrh, hay fever, and dozens of daily ills of all the family.

Preferred by Mothers

Children can't be healthy if they are kept indoors all winter. But outdoor play keeps the kiddies "catching cold", and colds must not be neglected. How to treat their colds without upsetting their little stomachs by continual inward dosing has been a problem. Mothers prefer Vicks because it is applied externally. It can be used freely and often. There is no harmful after-effect.

Used after a wetting or chill, Vicks prevents colds and attacks of spasmodic croup. Applied at bedtime, the healing medicated vapors are inhaled all night. The windows can be left open. Fresh air helps cure a cold and does not hinder the inhalation.

Useful in a Hundred Ways

Once used Wicks becomes a family standby. Its penetrating, soothing, healing properties make it useful for dozens of little daily hurts and ills, such as cuts, burns, scalds, bruises, sprains, chapped skin, chilblains, itching skin troubles, boils, insect bites, sunburn, sore, calloused feet, poison ivy, headache and neuralgia.

The DIRECT Treatment For All Cold Troubles ABSORBED like a liniment and at

INHALED as a vapor. Vicks gets immediately into congested; inflamed air passages.

Read This Liberal Offer

Buy either the 35c, 75c or \$1.50 size. Use all or part of the jar. If you are not delighted with the results, mail us the top of the carton and we will cheerfully refund the purchase price. No remedy can cure every case, but Vicks has been so uniformly successful in the majority of cases that we want every family to try it, and will be glad to back the first jar with this guaranty.

Born in a Little Drug Store

Twenty-five years ago, Druggist Lunsford Richardson, of Greensboro, N. C., seeking a better way to treat children's colds, hit upon a wonderful formula. He combined Camphor, fenthol and certain volatile oils in the form of

remedy, Vicks VapoRub, won instant local favor and its fame has spread county by county, state by state, until now Vicke is a bousehold fremedy from coast to coast and over 17 million jars are used yearly.

a salve, so that when applied to throat and

chest, it not only penetrated and stimulated

like a liniment, but the ingredients were re-

leased as vapors by the body heat and inhaled directly into the affected air passages. This

Vicks sample pack-age looks like.

How Vicks Should Be Used: Vapors Important-Wherever Vicks is ap-

plied over the throat and chest, care chould be taken to leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arming may be freely inhaled.

Hot Wet Cloths-in cases of deep chest colds, severe sore throat or incipient pneumonia, hot wet towels should be used over the throat and chest to open the peres of the skin before applying Vicks.

For Spasmodic Croup, Children's Colds-Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. One application at bedtime usually prevents a night attack of croup.

For Deep Chest Colds, Sore Throat, Tonsolitis, Bronchitis, Coughs-Vicks should be applied over the throat and chest-if neceseary, first using hot wet cloths-and rubbed in well until the skin is red; then spread on thickly and covered with one or two thicknesses of hot flannel cloths. If the cough is annoying, a small piece the size of a pea can be swallowed every few hours,

For Head Colds, Asthma, Catarrh, Hay Fever-Vicks should be melted in a spoon and the vapors inhaled, or a little can be applied up the nostrils and snuffed up the head.
